Authors

Asher, Greg. 2009. U.S. Department of Agriculture Forest Service Land Surveying and Boundary Management Program: Land information science. 69(4): 201-213.

Ayala Rodríguez, Evelyn L., Noel Mendoza Valentín, José J. Ortiz Alemañy, and Itzel J. Santiago Alverio. 2009. Puerto Rico Observatory—The biggest in the world: Surveying note. 69(3): 155-165.

Barnes, Grenville. 2009. Geomatics at the crossroads: Time for a new paradigm in geomatics education?: Surveying education. 69(2): 81-88.

Barry, Michael, and Florian Bruyas. 2009. Formulation of land administration strategy in post-conflict Somaliland: Land information. 69(1): 39-52.

Beaudy, Reed, Robert Femling, Robert Ledgerwood, Becky Marshall, and David McIntire. 2009. Donation land claims: Surveying history. 69(2): 99-108.

Buhler, Donald A. 2009. Cadastral survey, Bureau of Land Management report on recent activities: Land information science. 69(4): 193-199.

Carlson, Edward, David Doyle, and Dru Smith. 2009. Development of comprehensive geodetic vertical Datums for the United States Pacific Territories of American Samoa, Guam, and the Northern Marianas: Land information science. 69(1): 5-17.

Carter, Nicholas F. 2009. Establishing vertical control on the Hoover Dam Bypass–Colorado River Bridge: Land surveying. 69(1): 53-60.

Demirkesen, A.C., and N.W.J. Hazelton. 2009. Fundamental principles of deformation measurement: Land information science. 69(2): 89-98.

Dudarev, Roman. 2009. Plain polygon signature point definition algorithm: Technical note. 69(2): 109-112.

Edwards, William Davey. 2009. Oklahoma v. Texas Court case and Texas Land Surveying: Land information. 69(3): 129-133.

Frank, Steven. 2009. The New Mexico State University Surveying Engineering program: Surveying education. 69(4): 221-223.

Gabor, Joseph B. 2009. A closer look at the Tau criterion as a method of blunder detection within a differential leveling network least squares adjustment: Land information science. 69(2): 67-73.

Kopach, Stephen G. 2009. The Minerals Management Service and its Mapping and Boundary Branch: Land information science. 69(4): 215-219.

Littell, Barbara S., and Michael L. Dennis. 2009. The American Association for Geodetic Surveying: Working to unite and support the geospatial professions: AAGS report. 69(4): 179-182.

Lyle, Stacey D. 2009. Texas A&M University Corpus Christi Geographic Information Science and Geospatial Surveying Engineering Degree: Surveying education. 69(4): 231-232.

Marsico, Salvatore A. 2009. Deeds: Types, formalities, and warranties: Land information. 69(3): 121-128.

Matonich, John D. 2009. National Society of Professional Surveyors, 2006 to the present: NSPS report. 69(4): 189-192.

Miller, Keith, and Jacob Opadeyi. 2009. New geodetic infrastructure for Trinidad and Tobago: Land information science. 69(1): 19-28.

Mitsakaki, Christiana, and Amanda Laoupi. 2009. Monitoring methods for the mitigation of natural hazards' impact on tourist cultural sites: Land information science. 69(1): 29-38.

Roberge, Daniel, and Bengt Kjellson. 2009. What have Americans paid (and maybe the rest of the world) for not having a public property rights infrastructure?: Land information science. 69(3): 135-142.

Seybert, Thomas A. 2009. Retension of surveying students using a first-year seminar: Surveying education. 69(2): 75-80.

Seybert, Thomas A., and Wesley W. Parks. 2009. Penn State Wilkes-Barre Surveying program activities and achievements 2007 to 2009: Surveying education. 69(4): 225-229.

Sumner, Curt W. 2009. The American Congress on Surveying and Mapping, Inc.: Participation in FIG remains strong: ACSM FIG forum. 69(4): 177-178.

The Federal Geographic Data Committee (FGDC) Cadastral Subcommittee Mortgage Study Team. 2009. Land parcel data for the mortgage crisis: Results of the stakeholders meeting, June 30, 2009: Land information science. 69(3): 143-154.

Young, Robert L. 2009. Dealing with change: The Geographic Land Information Society: GLIS report. 69(4): 183-187.

Articles

A Closer look at the Tau criterion as a method of blunder detection within a differential leveling network least squares adjustment. Gabor, Joseph B. 2009. 69(2): 67-73.

Cadastral survey, Bureau of Land Management report on recent activities. Buhler, Donald A. 2009. 69(4): 193-199.
